ATTEMPT TO REPEAL PRIMARY LAW HAS BEEN ABANDONED

G. O. P. LEADERS BACK UP

Factional Fights During Organization of Legislature Are Supposed to Have Upset the Plan.

Jefferson City, Mo., Feb. 6.—The proposed combined offensive of the Democrats and Republicans against the state primary law, to repeal it or amend it out of existence, has been abandoned, and leaders of the two political armies, believing neither can storm the "works" without the co-operation of the other, have decided to let the law alone.

Senator "Mike" Kinney and Representative Frank Farris, appointed by Democratic State Chairman Neale to form a liason with a Republican from the senate and one from the house, and to plan a joint attack, have reconsidered their notion. On the Republican's part, it never got farther than a suggestion from Republican National Committeeman Jacob L. Babler of St. Louis that State Senator Conway Elder represent senate Republicans in the negotiations. Apparently, as far as the Democrats here have been able to find out, neither State Chairman Cole nor Babler selected a Republican from the house to set with Elder.

Lack of disposition on the part of country Republicans to line up under Babler and John Schmell during the speakership fight, and the failure of Democrats to give the minority in the house better committee representation also are supposed to have upset the plans. The Democrats reciprocated the action in the house majority by holding down the Republican minority in the senate.

It is said opposition by most of the large newspapers in the state and the apparent unpopularity of action against the primary law caused abandonment of the drive.

WRITES OF LAST BATTLES

Halley Ford Says a Month's Ammunition Supply of French Was Shot by His Company in Two Hours.

In letters to home folks Halley Ford with headquarters company A. E. F., writes as follows:

Niederweis, Germany, Dec. 26.

Received my Christmas box all O. K. and was certainly glad to get it. We also got a box from the Y. M. C. A. We had a good Christmas dinner consisting of pork chops, mashed potatoes, peas, gravy, bread and butter, cake and coffee with cream and sugar. The pork was a treat for us as we had never had any since coming over.

I took an all day trip to Treir day before yesterday and took in the town and the old Roman ruins around the town. Trier has a population of about 60,000 and is about fifteen miles from here (Niederweis).

They do not serve bread or sugar at hotels here unless the customers bring their allowance cards and of course American soldiers have none. Things are not as good here as in the States but of course they are good considering the stuff they have to use. I watched the family here make bread the other day, they make fifteen or twenty loaves at a time, and have big cement ovens built in the house. They heat these up by burning brush in them then they rake out the coals and ashes and put the bread in. The heat of the cement bakes the bread.

January 9. I and another boy were sent out on a cannon range yesterday to do some signalling, but they found out later they would not need us and we were left to shift for ourselves. Were told to get our dinner at a farm house. We didn't know a thing about German but we tackled it. They brought us fried potatoes, fried ham, preserved plums, two slices of bread and some soup. We couldn't eat the soup and the meat wasn't very good but the potatoes and plums were fine. They give us all we want to eat here, but it is the same all the time. We have stewed beef so much I can hardly eat it. Have about forgotten what a pie looks like. A volunteer army of 500,000 is to stay over here. If they get that army from what is already here they can get the rest of us home within six months. As you probably know I was in the St. Mihiel sector.

We were at Pannes all the time I was at the front, but the armistice was signed just in time to keep us from moving for we were making a drive at that time, our infantry having advanced several miles. That was the reason I did not write much the last two weeks—was too busy sending and dodging shells. Our artillery fired as fast as they could during the last few minutes and it took a burial party of fifty Germans two days to bury their dead while we had only a few men wounded. When we first went into position we took over a French battery that said they had a month's supply of ammunition on hand. We shot it all up in two hours and had to send trucks after more shells. We did in a few weeks what the French said it would take years to accomplish.

January 13. I and three other boys walked about fifteen miles yesterday; we were souvenir hunting. I have quite a few now—a German Luger pistol, five shells made for vases, three "Gott mit uns" belts, one iron cross, two helmets, a trench knife and a flash light. I am going to try and send some of them home for I can't carry them all with me. I understand we are allowed to send packages home up to five pounds.

January 15. Yesterday we had to show off for some divisioanl inspectors and had to go through the same maneuvers as if we were actually fighting. The telephone detail had to run lines and keep up communication between the batteries and battalion and the inspectors kept them cut faster than we could repair them. One of the lines was four miles long. It was lots of fun for them but not much for us. We were paid today. I drew 244 marks.

LABOR STRIKES AT SEATTLE

Organized Labor Calls First City-wide Strike—Walkout Is in Sympathy With Striking Metal Workers.

Seattle, Feb. 6.—America's first city-wide general strike was called here this morning in the name of organized labor and although the walkout has not been sanctioned by national officers of the trades involved, the walkout is in sympathy with 25,000 metal tradesmen who struck at the Seattle ship yards. In addition to the metal tradesmen who are already out, labor leaders said that 30,000 other workers had left their jobs today. Thousands of others were thrown out of work by the closing of industries.

LONDON STRIKE MORE SERIOUS.

London, Feb. 6., 1:10 p. m.—The strike situation became much more serious this afternoon and traffic on the London & Southwestern railway is paralyzed. Denial that the strikers will get an increase in pay is expected to pull the teeth of the proposed strike of electrical workers. The workers are threatening to plunge the city in darkness tonight.

The strike spread to the Great Western railway this afternoon, and also to the main line of the London & Bighton railway.

LAWRENCE STRIKERS RIOT.

Lawrence, Mass., Feb. 6.—Two near riots were started by striking textile workers this morning when many strikers and sympathizers, including women, bombarded a police automobile with all sorts of missiles, but the officers were not injured. Mounted policemen, in attempting to make another crowd keep on the move, were powerless when men and women turned their horses away.

JEWELLS WON FROM TARKIO

Baptist Made Clean Record in Three Games Away From Home.

In the basket ball game at Tarkio last night between the Tarkio five and the William Jewell team, the latter won by a score of 49 to 26. The Jewells had an easy victory and were not forced to extend themselves at any stage of the game. The Tarkio win gives them a clean score in three games away from home and places them well in the lead for championship honors.

IS HONORED FOR HEROISM

Major Mark Hanna, a nephew of O. C. Hanna of this city, has been posthumously awarded the distinguished service cross and the medal and citation has been sent to the officer's wife, Mrs. Corrine Hanna, now living in Kansas City. Major Hanna commanded the 2d Battalion, 356th Infantry, 89th Division, and he was killed in action on November 11.

The citation for Major Hanna's heroic action sent his wife is as follows:

Mrs. Corrine Esther Hanna,
Kansas City, Mo.

This office has been advised by cable by the Commanding General of the American Expeditionary Forces, that he has awarded the "distinguished service cross" posthumously to your husband, Major Mark Hanna, 356th Inft., for extraordinary heroism in action near Stenay, France, November 6-11, 1918. Major Hanna displayed extreme courage on November 6 by making a daring reconnoissance of the town of Pouilly, near Stenay. This town was held in strength by the enemy, with evident indication of determination to prevent a crossing of the river Meuse at this point. He remained in this town two hours, returning with information of great value. On the night of November 10-11 he was in command of the Second Battalion of the 356th Inft., and while waiting to cross the river Meuse, Major Hanna's battalion was subject to terrific fire. During this period he walked up and down the line encouraging his men. Major Hanna was killed at the head of his command.

The quartermaster general of the army has been directed to cause the distinguished service cross to be forwarded to you, and it is believed you will receive same in a short time.

Very rsepectfully,
ADJUTANT GENERAL.

EXPRESS CO. IN A CAMPAIGN

Plans of a most comprehensive nature to bring about conditions which will make possible a marked improvement in the express service throughout the country, were announced last night by W. J. Staples, local representative of the American Railway Express Company. A "Better Service Campaign" will be undertaken by the 135,000 men and women employed in the express business, for the purpose of raising the standards of packing, wrapping and marking express shipments.

The drive will start on February 10, in every city and town in the country. It will comprise a campaign of education and appeal among express employees simultaneously with a widespread effort to secure the co-operation of the shipping public along marking rules have been adopted for the campaign, but express drivers and receiving clerks will be instructed hereafter to insist, firmly but courteously, that the rules already in force be strictly adhered to.

The chief purpose of the "Better Service Campaign" is to check, once and for all, the waste of time, effort and money that result from lost or damaged shipments.

MAY HALT DRY BILL

FEDERAL AMENDMENT MAY BE REFERRED TO VOTE OF STATE

NEGROES TO BILL ROOMS

Farmer Members Have Organized to Secure Legislation Which They Claim Is Needed For Their Protection.

Jefferson City, Mo., Feb. 6.—Whether or not the dry amendment to the federal constitution which has been approved by the Missouri legislature can be referred to the voters of the state under the initiative and referendum is the main question here.

The state constitution provides that when eight per cent of the voters in two-thirds of the congressional districts ask it all measures passed by the legislature may be referred to the voters for their ratification.

The federal constitution provides, however, how amendments may be adopted by the legislatures of the states and many are of the opinion that it does not apply in this case, but no one seems absolutely certain.

If the amendments to the federal constitution can be referred by the referendum there are a number of states which will have to vote on the matter before it is finally settled.

The cloak room of the house of representatives has been partially cleared of the negroes. No, gentle reader, they have not been removed from the payroll, but are still receiving $3.50 per day, but have been transferred to the bill room by Republican leaders. A number of Republicans resent negroes being in charge of the bill rooms, for they do not seem to relish seeing their wives and daughters, who are their clerks, forced to go there and get bills from the "burr heads," as they have dubbed the negroes.

Lieut. Gov. Wallace Crossley has two bills which have been presented in the senate by Senator W. M. Bowker of Vernon county which are intended for the benefit of soldiers and sailors. One provides that every effort be made to secure positions for returning soldiers and sailors and for full publicity to employers who refuse to give soldiers their places back.

The other provides for a memorial to soldiers and sailors. In the event of its passage a memorial hall will be built and tablets of suitable size for each county in the state will be provided in order that the names of all who lost their lives may be placed thereon. "A building of the character proposed by this bill will always stand in commemoration of their deeds of valor and the state's appreciation of her gallant sons," declared Governor Crossley.

Farmer members of the legislature have organized for the purpose of securing legislation which they claim is needed for their protection. Among the bills which will be backed by them is one providing for the inspection and grading of hay by the state; the inspection of seed and some regulation of the price to be charged for feed in the stock yards of the state.

A bill to make Missouri dry has been presented. This measure provides for "search and seizure" of all places in the state whenever it is the opinion of the officials that liquor is being stored. Search can only be made after the prosecuting attorney has made an affidavit before a justice of the peace to the effect that in his opinion liquor is being illegally stored.

The case against Ralph McGinty on a like charge was nolle prossed by the Prosecutor, it being learned that McGinty was under age.

HAD 150 PINTS OF BOOZE

Walter Johnson and Sherman Brown, Looking For Place to "Spend the Night," Ran Afoul of the Sheriff.

"Cap'n, I thank you, and you won't never see dis niggah no mo, evah," and grabbing his cap Walter Johnson left Judge Dawson's court room this morning on the run, intent on catching a train to his home at Armour, Mo.

Johnson, in company with Sherman Brown, was arrested last night and 150 pints of whiskey in their possession was taken from them. They claimed to have taken the wrong train at St. Joseph and had come here to make the Burlington back this morning and were looking for a place to spend the night.

In court this morning Johnson proceeded to explain the situation to Judge Dawson. "If I let you go how long will it take you to get out of town," Judge Dawson asked.

"Cap'n, I sho won't even hes'tate and you won't never see me around heah no mo. I'll sho staht walking right now, Cap'n and if dat ain't going fas' nuf, I kin do some runnin.'"

Judge Dawson fined both negroes $500 and gave them each a year's jail sentence. Not having enough between them to pay the costs in the case they were paroled and given a stay of execution for ten days to send the balance, $22.50, which they promised to do.

Charley Williams, charged with violating the local option law was dismissed by the court when Prosecutor McCaffrey nolle prossed the case.

Among the twenty-five are Albany, Breckenridge, Oregon, Hopkins, Maryville, New Hampton, Bethany, Bedford, Richmond, Tarkio, Fairfax Gallatin, St. Joseph Central, Trenton, Liberty, St. Joseph Benton, and Excelsior Springs.

The officials in charge of the Inter-high school field meet, to be held at the Normal in the spring, are contemplating a military phase for field day.

WILSON TO GIVE OWN INTERPRETATION OF PEACE TERMS

MAY RETURN TO PARIS

Unless League of Nations Is Soundly Established It Is Announced He Will Go Back to Conference.

Washington, Feb. 6—President Wilson will be on his way back to Paris within one month from the time he comes back to the United States about February 24 unless an effective League of Nations is soundly established in the meantime. This was learned from an authoritative source today together with more details of his probable plans while in America. Administration officials let it be understood, however, that the president's future course is entirely centered in what he considers of topmost importance in world legislation, just now the League of Nations.

President Wilson will very probably deliver at New York upon his arrival the first of a series of addresses he is to make in different parts of the country, taking the people into his confidence for the first time, giving his own interpretation of the peace terms and what may be expected of the peace conference. He will then immediately return to Washington where he will likely address a joint session of Congress. Whether he will make a tour of the larger centers of the country will depend almost entirely upon the necessity of immediate and intimate cable communication with Paris.

These Durable Soles Cut Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cement Company plant in Jackson, Michigan.

It is remarkable how tough and durable Neolin Soles are. They are made so by Science—comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for re-soling. Wear them, and cut your shoe bills down!

Neolin Soles are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. Before The Advent Of Woman's Gladness

Women Who Know Take Precaution Against Suffering.

Before the arrival of the Stork, women for over half a century have learned the wisdom of giving nature a helping hand. Nausea, nervousness, bearing-down and stretching pains in the abdomen and muscles are entirely avoided by the use of Mother's Friend, according to the testimony of thousands of mothers who have used this time-honored remedy.

Mother's Friend lubricates the fine network of nerves beneath the skin, and by regular use during the period the muscles are made and kept soft and elastic. They can then expand gently and easily when baby is born and pain and danger at the crisis is naturally avoided.

Mother's Friend is a preparation of penetrating oils and other medicinal agents prepared especially for expectant mothers. It is for external use, is absolutely safe and should be used regularly during the entire period before baby comes.

Write to the Bradfield Regulator Company, Dept. A, Lamar Building, Atlanta, Georgia, for an interesting Motherhood Book, and obtain a bottle of Mother's Friend from the druggist. You will find it the greatest kind of help.

MARYVILLE MAN'S LUCKY FIND.

Will Interest Readers of the Democrat-Forum.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Maryville man.

J. N. Bryan, retired farmer, 222 Eleventh street, says: "At one time I was having trouble from my back and kidneys. I had an intense soreness through the small of my back which pained when I tried to bend over or straighten up quickly. My kidneys acted too frequently and this made me weak. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. From the first, I had relief and as I continued using them, I was benefitted in every way. It has been quite a while now since I have needed to use Doan's, so I know the benefit is lasting."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mr. Bryan had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. Adv.

Why we sell **Mohawk** and **Firestone** Tires

We are exclusive tire dealers and rebuilders.

Our entire time and attention is concentrated on this one business.

Our volume of business to a maker of tires enables us to select from all makes on the market the tires we consider best.

In our rebuilding and repair plant we cut into every well known make of tire, we go deeper than the salesman's talk or the guarantee in selecting the tires we sell, we find out to a certainty **what every tire is made of and how it is made.**

And it is by this method we selected MOHAWK and FIRESTONE tires. We believe, from a thorough examination of the tires themselves, and from tests in actual service that MOHAWK and FIRESTONE tires represent the most possible miles per dollar.

We will be glad to have you examine these tires at any time, with no obligation whatever to buy.

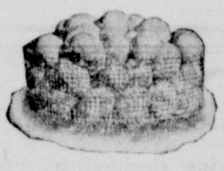
It Wasn't a Goose



That laid the golden eggs. It was a hen—a hen that kept on laying even when eggs were a dollar a dozen, as they have been this past winter. And

The COUNTRY GENTLEMAN

knows how she did it. What's more, it tells. It tells about "The New Way to Get Eggs"—from the back-yard flock as well as on the big poultry ranch. It tells about "Longer Days for Laying Hens"—by electric lighting the henhouse. It tells about "Beginning with the Incubator" and about "The Baby Chick's First Six Weeks."

These are only a few of the poultry articles THE COUNTRY GENTLEMAN will have this spring—all full of practical, money-saving suggestions that *you* can profit by. And there's "The Poultry Calendar" in addition, appearing weekly and packed with poultry advice adapted to every season.

Besides poultry, a year's subscription to THE COUNTRY GENTLEMAN—52 big issues—contains more than 500 articles on progressive farming from every other angle. For only $1, I'll see that it comes to you every week. It will save you $100.00 during the year ahead. Can you afford to be without it?

DECIDE TO DRO.

ATTEMPT TO REPEAL PRIMARY LAW HAS BEEN ABANDONED

G. O. P. LEADERS BACK UP

Factional Fights During Organization of Legislature Are Supposed to Have Upset the Plan.

Jefferson City, Mo., Feb. 6.—The proposed combined offensive of the Democrats and Republicans against the state primary law, to repeal it or amend it out of existence, has been abandoned, and leaders of the two political armies, believing neither can storm the "works" without the co-operation of the other, have decided to let the law alone.

Senator "Mike" Kinney and Representative Frank Farris, appointed by Democratic State Chairman Neale to form a liason with a Republican from the senate and one from the house, and to plan a joint attack, have reconsidered their notion. On the Republican's part, it never got farther than a suggestion from Republican National Committeeman Jacob L. Babler of St. Louis that State Senator Conway Elder represent senate Republicans in the negotiations. Apparently, as far as the Democrats here have been able to find out, neither State Chairman Cole nor Babler selected a Republican from the house to set with Elder.

Lack of disposition on the part of country Republicans to line up under Babler and John Schmell during the speakership fight, and the failure of Democrats to give the minority in the house better committee representation also are supposed to have upset the plans. The Democrats reciprocated the action in the house majority by holding down the Republican minority in the senate.

It is said opposition by most of the large newspapers in the state and the apparent unpopularity of action against the primary law caused abandonment of the drive.

WRITES OF LAST BATTLES

Halley Ford Says a Month's Ammunition Supply of French Was Shot by His Company in Two Hours.

In letters to home folks Halley Ford with headquarters company A. E. F., writes as follows:

Niederweis, Germany, Dec. 26.

Received my Christmas box all O. K. and was certainly glad to get it. We also got a box from the Y. M. C. A. We had a good Christmas dinner consisting of pork chops, mashed potatoes, peas, gravy, bread and butter, cake and coffee with cream and sugar. The pork was a treat for us as we had never had any since coming over.

I took an all day trip to Treir day before yesterday and took in the town and the old Roman ruins around the town. Trier has a population of about 60,000 and is about fifteen miles from here (Niederweis).

They do not serve bread or sugar at hotels here unless the customers bring their allowance cards and of course American soldiers have none. Things are not as good here as in the States but of course they are good considering the stuff they have to use. I watched the family here make bread the other day, they make fifteen or twenty loaves at a time, and have big cement ovens built in the house. They heat these up by burning brush in them then they rake out the coals and ashes and put the bread in. The heat of the cement bakes the bread.

January 9. I and another boy were sent out on a cannon range yesterday to do some signalling, but they found out later they would not need us and we were left to shift for ourselves. Were told to get our dinner at a farm house. We didn't know a thing about German but we tackled it. They brought us fried potatoes, fried ham, preserved plums, two slices of bread and some soup. We couldn't eat the soup and the meat wasn't very good but the potatoes and plums were fine. They give us all we want to eat here, but it is the same all the time. We have stewed beef so much I can hardly eat it. Have about forgotten what a pie looks like. A volunteer army of 500,000 is to stay over here. If they get that army from what is already here they can get the rest of us home within six months. As you probably know I was in the St. Mihiel sector.

We were at Pannes all the time I was at the front, but the armistice was signed just in time to keep us from moving for we were making a drive at that time, our infantry having advanced several miles. That was the reason I did not write much the last two weeks—was too busy sending and dodging shells. Our artillery fired as fast as they could during the last few minutes and it took a burial party of fifty Germans two days to bury their dead while we had only a few men wounded. When we first went into position we took over a French battery that said they had a month's supply of ammunition on hand. We shot it all up in two hours and had to send trucks after more shells. We did in a few weeks what the French said it would take years to accomplish.

January 13. I and three other boys walked about fifteen miles yesterday; we were souvenir hunting. I have quite a few now—a German Luger pistol, five shells made for vases, three "Gott mit uns" belts, one iron cross, two helmets, a trench knife and a flash light. I am going to try and send some of them home for I can't carry them all with me. I understand we are allowed to send packages home up to five pounds.

January 15. Yesterday we had to show off for some divisioanl inspectors and had to go through the same manouvers as if we were actually fighting. The telephone detail had to run lines and keep up communication between the batteries and battalion and the inspectors kept them cut faster than we could repair them. One of the lines was four miles long. It was lots of fun for them but not much for us. We were paid today. I drew 244 marks.

LABOR STRIKES AT SEATTLE

Organized Labor Calls First City-wide Strike—Walkout Is in Sympathy With Striking Metal Workers.

Seattle, Feb. 6.—America's first city-wide general strike was called here this morning in the name of organized labor and although the walkout has not been sanctioned by national officers of the trades involved, the walkout is in sympathy with 25,000 metal tradesmen who struck at the Seattle ship yards. In addition to the metal tradesmen who are already out, labor leaders said that 30,000 other workers had left their jobs today. Thousands of others were thrown out of work by the closing of industries.

LONDON STRIKE MORE SERIOUS.

London, Feb. 6., 1:10 p. m.—The strike situation became much more serious this afternoon and traffic on the London & Southwestern railway is paralyzed. Denial that the strikers will get an increase in pay is expected to pull the teeth of the proposed strike of electrical workers. The workers are threatening to plunge the city in darkness tonight.

The strike spread to the Great Western railway this afternoon, and also to the main line of the London & Bighton railway.

LAWRENCE STRIKERS RIOT.

Lawrence, Mass., Feb. 6.—Two near riots were started by striking textile workers this morning when many strikers and sympathizers, including women, bombarded a police automobile with all sorts of missiles, but the officers were not injured. Mounted policemen, in attempting to make another crowd keep on the move, were powerless when men and women turned their horses away.

IS HONORED FOR HEROISM

Major Mark Hanna, a nephew of O. C. Hanna of this city, has been posthumously awarded the distinguished service cross and the medal and citation has been sent to the officer's wife, Mrs. Corrine Hanna, now living in Kansas City. Major Hanna commanded the 2d Battalion, 356th Infantry, 89th Division, and he was killed in action on November 11.

The citation for Major Hanna's heroic action sent his wife is as follows:

Mrs. Corrine Esther Hanna,
Kansas City, Mo.

This office has been advised by cable by the Commanding General of the American Expeditionary Forces, that he has awarded the "distinguished service cross" posthumously to your husband, Major Mark Hanna, 356th Infts., for extraordinary heroism in action near Stenay, France, November 6-11, 1918. Major Hanna displayed extreme courage on November 6 by making a daring reconnoissance of the town of Pouilly, near Stenay. This town was held in strength by the enemy, with evident indication of determination to prevent a crossing of the river Meuse at this point. He remained in this town two hours, returning with information of great value. On the night of November 10-11 he was in command of the Second Battalion of the 356th Inft., and while waiting to cross the river Meuse, Major Hanna's battalion was subject to terrific fire. During this period he walked up and down the line encouraging his men. Major Hanna was killed at the head of his command.

The quartermaster general of the army has been directed to cause the distinguished service cross to be forwarded to you, and it is believed you will receive same in a short time.

Very rsepectfully,
ADJUTANT GENERAL.

EXPRESS CO. IN A CAMPAIGN

Plans of a most comprehensive nature to bring about conditions which will make possible a marked improvement in the express service throughout the country, were announced last night by W. J. Staples, local representative of the American Railway Express Company. A "Better Service Campaign" will be undertaken by the 135,000 men and women employed in the express business, for the purpose of raising the standards of packing, wrapping and marking express shipments.

The drive will start on February 10, in every city and town in the country. It will comprise a campaign of education and appeal among express employees simultaneously with a widespread effort to secure the co-operation of the shipping public along marking rules have been adopted for the campaign, but express drivers and receiving clerks will be instructed hereafter to insist, firmly but courteously, that the rules already in force be strictly adhered to.

The chief purpose of the "Better Service Campaign" is to check, once and for all, the waste of time, effort and money that result from lost or damaged shipments.

MAY HALT DRY BILL

FEDERAL AMENDMENT MAY BE REFERRED TO VOTE OF STATE

NEGROES TO BILL ROOMS

Farmer Members Have Organized to Secure Legislation Which They Claim Is Needed For Their Protection.

Jefferson City, Mo., Feb. 6.—Whether or not the dry amendment to the federal constitution which has been approved by the Missouri legislature can be referred to the voters of the state under the initiative and referendum is the main question here.

The state constitution provides that when eight per cent of the voters in two-thirds of the congressional districts ask it all measures passed by the legislature may be referred to the voters for their ratification.

The federal constitution provides, however, how amendments may be adopted by the legislatures of the states and many are of the opinion that it does not apply in this case, but no one seems absolutely certain.

If the amendments to the federal constitution can be referred by the referendum there are a number of states which will have to vote on the matter before it is finally settled.

The cloak room of the house of representatives has been partially cleared of the negroes. No, gentle reader, they have not been removed from the payroll, but are still receiving $3.50 per day, but have been transferred to the bill room by Republican leaders. A number of Republicans resent negroes being in charge of the bill rooms, for they do not seem to relish seeing their wives and daughters, who are their clerks, forced to go there and get bills from the "burr heads," as they have dubbed the negroes.

Lieut. Gov. Wallace Crossley has two bills which have been presented in the senate by Senator W. M. Bowker of Vernon county which are intended for the benefit of soldiers and sailors. One provides that every effort be made to secure positions for returning soldiers and sailors and for full publicity to employers who refuse to give soldiers their places back.

The other provides for a memorial to soldiers and sailors. In the event of its passage a memorial hall will be built and tablets of suitable size for each county in the state will be provided in order that the names of all who lost their lives may be placed thereon. "A building of the character proposed by this bill will always stand in commemoration of their deeds of valor and the state's appreciation of her gallant sons," declared Governor Crossley.

Farmer members of the legislature have organized for the purpose of securing legislation which they claim is needed for their protection. Among the bills which will be backed by them is one providing for the inspection and grading of hay by the state; the inspection of seed and some regulation of the price to be charged for feed in the stock yards of the state.

A bill to make Missouri dry has been presented. This measure provides for "search and seizure" of all places in the state whenever it is the opinion of the officials that liquor is being stored. Search can only be made after the prosecuting attorney has made an affidavit before a justice of the peace to the effect that in his opinion liquor is being illegally stored.

Four Elmo boys Dale Kinman, Glen Carver, Glen Bailey and Arthur Hamilton are on trial before Judge Dawson this afternoon, charged by Bert Spangler of Elmo, with disturbing the peace. Spangler charges the quartette with disturbing the peace on the occasion of a party given at his home on the night of January 30.

The jury hearing the case is composed of Elihu Busby, C. A. McCoppin, O. W. Swinford, James Eckles, Barney Dougan, Tom Wiles, D. E. Hotchkin, Al Croy, Louis Anderson. Henry Ellsberry, Sam McClurg.

The case against Ralph McGinty on a like charge was nolle prossed by the Prosecutor, it being learned that McGinty was under age.

HAD 150 PINTS OF BOOZE

Walter Johnson and Sherman Brown, Looking For Place to "Spend the Night," Ran Afoul of the Sheriff.

"Cap'n, I thank you, and you won't never see dis niggah no mo, evah," and grabbing his cap Walter Johnson left Judge Dawson's court room this morning on the run, intent on catching a train to his home at Armour, Mo.

Johnson, in company with Sherman Brown, was arrested last night and 150 pints of whiskey in their possession was taken from them. They claimed to have taken the wrong train at St. Joseph and had come here to make the Burlington back this morning and were looking for a place to spend the night.

In court this morning Johnson proceeded to explain the situation to Judge Dawson. "If I let you go how long will it take you to get out of town," Judge Dawson asked.

"Cap'n, I sho won't even hes'tate and you won't never see me around heah no mo. I'll sho staht walking right now, Cap'n and if dat ain't going fas' nuf, I kin do some runnin.'"

Judge Dawson fined both negroes $500 and gave them each a year's jail sentence. Not having enough between them to pay the costs in the case they were paroled and given a stay of execution for ten days to send the balance, $22.50, which they promised to do.

Charley Williams, charged with violating the local option law was dismissed by the court when Prosecutor McCaffrey nolle prossed the case.

PLAN BASKET BALL TOURNEY

Twenty-five high schools have paid their entrance fees for the basket ball tournament to be held at the end of the season.

Among the twenty-five are Albany, Breckenridge, Oregon, Hopkins, Maryville, New Hampton, Bethany, Bedford, Richmond, Tarkio, Fairfax Gallatin, St. Joseph Central, Trenton, Liberty, St. Joseph Benton, and Excelsior Springs.

In order to be eligible to compete in the tournament the schools must keep a record of the game played, the teams playing, the official, the score, and the date of the game. They must have .500 per cent at the close of the season and must have played six games with members of the conference or with schools which have the approval of the board of control.

The officials in charge of the Inter-high school field meet, to be held at the Normal in the spring, are contemplating a military phase for field day.

If this feature is introduced into the field meet, the cadets will compete in company drill, foot movements and other parts of their work. Companies from Trenton, Maryville, Hopkins, St. Joseph, Chillicothe and Maysville will enter.

TO TALK TO PUBLIC

WILSON TO GIVE OWN INTERPRETATION OF PEACE TERMS

MAY RETURN TO PARIS

Unless League of Nations Is Soundly Established It Is Announced He Will Go Back to Conference.

Washington, Feb. 6—President Wilson will be on his way back to Paris within one month from the time he comes back to the United States about February 24 unless an effective League of Nations is soundly established in the meantime. This was learned from an authoritative source today together with more details of his probable plans while in America. Administration officials let it be understood, however, that the president's future course is entirely centered in what he considers of topmost importance in world legislation, just now the League of Nations.

President Wilson will very probably deliver at New York upon his arrival the first of a series of addresses he is to make in different parts of the country, taking the people into his confidence for the first time, giving his own interpretation of the peace terms and what may be expected of the peace conference. He will then immediately return to Washington where he will likely address a joint session of Congress. Whether he will make a tour of the larger centers of the country will depend almost entirely upon the necessity of immediate and intimate cable communication with Paris.

MONEY-SAVERS FOR ALL

These Durable Soles Cut Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cemept Company plant in Jackson, Michigan.

It is remarkable how tough and durable Neolin Soles are. They are made so by Science—comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for resoling. Wear them, and cut your shoe bills down.

Neolin Heels are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Get it straight that what you've hankered for in pipe or cigarette makin's smokes you'll find aplenty in P. A. *That's because P. A. has the quality!*

Before The Advent Of Woman's Gladness

Women Who Know Take Precaution Against Suffering.

Before the arrival of the Stork, women for over half a century have learned the wisdom of giving nature a helping hand. Nausea, nervousness, bearing-down and stretching pains in the abdomen and muscles are entirely avoided by the use of Mother's Friend, according to the testimony of thousands of mothers who have used this time-honored remedy.

Mother's Friend lubricates the fine network of nerves beneath the skin, and by regular use during the period the muscles are made and kept soft and elastic. They can then expand gently and easily when baby is born and pain and danger at the crisis is naturally avoided.

Mother's Friend is a preparation of penetrating oils and other medicinal agents prepared especially for expectant mothers. It is for external use, is absolutely safe and should be used regularly during the entire period before baby comes.

Write to the Bradfield Regulator Company, Dept. A, Lamar Building, Atlanta, Georgia, for an interesting Motherhood Book, and obtain a bottle of Mother's Friend from the druggist. You will find it the greatest kind of help.

MARYVILLE MAN'S LUCKY FIND.

Will Interest Readers of the Democrat-Forum.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Maryville man.

J. N. Bryan, retired farmer, 222 Eleventh street, says: "At one time I was having trouble from my back and kidneys. I had an intense soreness through the small of my back which pained when I tried to bend over or straighten up quickly. My kidneys acted too frequently and this made me weak. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. From the first, I had relief and as I continued using them, I was benefitted in every way. It has been quite a while now since I have needed to use Doan's, so I know the benefit is lasting."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mr. Bryan had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. Adv.

Why we sell **Mohawk** and **Firestone** Tires

We are exclusive tire dealers and rebuilders.

Our entire time and attention is concentrated on this one business.

Our volume of business to a maker of tires enables us to select from all makes on the market the tires we consider best.

In our rebuilding and repair plant we cut into every well known make of tire, we go deeper than the salesman's talk or the guarantee in selecting the tires we sell, we find out to a certainty **what every tire is made of and how it is made.**

And it is by this method we selected MOHAWK and FIRESTONE tires. We believe, from a thorough examination of the tires themselves, and from tests in actual service that MOHAWK and FIRESTONE tires represent the most possible miles per dollar.

We will be glad to have you examine these tires at any time, with no obligation whatever to buy.

It Wasn't a Goose

That laid the golden eggs. It was a hen—a hen that kept on laying even when eggs were a dollar a dozen, as they have been this past winter. And

The COUNTRY GENTLEMAN

knows how she did it. What's more, it tells. It tells about "The New Way to Get Eggs"—from the back-yard flock as well as on the big poultry ranch. It tells about "Longer Days for Laying Hens"—by electric lighting the henhouse. It tells about "Beginning with the Incubator" and about "The Baby Chick's First Six Weeks."

These are only a few of the poultry articles THE COUNTRY GENTLEMAN will have this spring—all full of practical, money-saving suggestions that *you* can profit by. And there's "The Poultry Calendar" in addition, appearing weekly and packed with poultry advice adapted to every season.

Besides poultry, a year's subscription to THE COUNTRY GENTLEMAN—52 big issues—contains more than 500 articles on progressive farming from every other angle. For only $1, I'll see that it comes to you every week. It will save you $100.00 during the year ahead. Can you afford to be without it?
